

# Encuestame 1.143 Release Notes

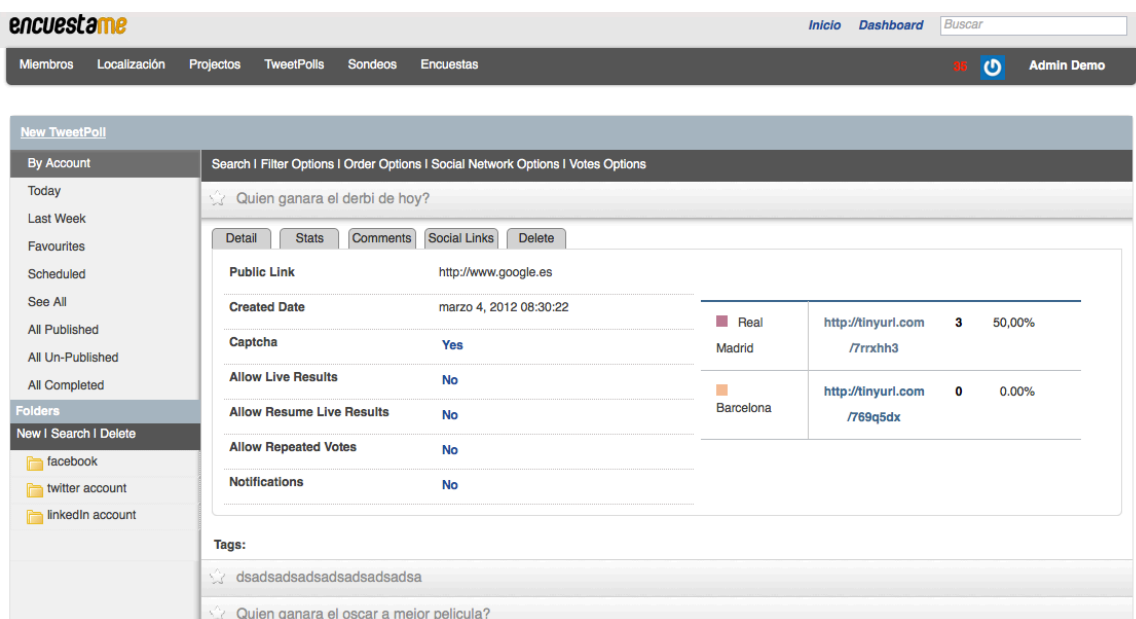

## What's new in the Encuestame 1.143 beta release

 Download this Release: [https://sourceforge.net/projects/encuestame/files/encuestame\\_beta/1.143/](https://sourceforge.net/projects/encuestame/files/encuestame_beta/1.143/)

## Highlights of this Release

### New Create Poll Interface

Improvements in the new *TweetPoll* User Interface, now with data range filters, folder support, drag and drop on a folder your favorite *TweetPoll* to organize, set *TweetPoll*'s favorite items, update a *TweetPoll* properties and much more.

The screenshot displays the 'New TweetPoll' interface. At the top, there's a navigation bar with 'Inicio' and 'Dashboard' links, and a search bar. Below this is a menu bar with 'Miembros', 'Localización', 'Proyectos', 'TweetPolls', 'Sondeos', and 'Encuestas'. The main content area is titled 'New TweetPoll' and includes a sidebar with 'By Account' (Today, Last Week, Favourites, Scheduled, See All, All Published, All Un-Published, All Completed) and 'Folders' (New | Search | Delete, facebook, twitter account, linkedIn account). The main form has tabs for 'Detail', 'Stats', 'Comments', 'Social Links', and 'Delete'. The 'Detail' tab is active, showing a 'Public Link' (http://www.google.es), 'Created Date' (marzo 4, 2012 08:30:22), 'Captcha' (Yes), 'Allow Live Results' (No), 'Allow Resume Live Results' (No), 'Allow Repeated Votes' (No), and 'Notifications' (No). On the right, there's a table showing poll results for 'Real Madrid' and 'Barcelona'.

Option	Count	Percentage
Real Madrid	3	50.00%
Barcelona	0	0.00%

### Create a TweetPoll

Create easily a *TweetPoll*, add #Hashtag with suggestion support and answer, check the limits after publish, select the social network to publish and you are ready to ask the world whatever you want.
